

HOW TO HELP

SOME WAYS WE CAN ALL HELP SEA TURTLES INCLUDE KEEPING OUR BEACHES CLEAN BY:

Disposing of trash properly

Recycling

Not possessing illegal fireworks at the beach

Making sure no light source can be seen from the beach

Filling any holes near a nest barrier

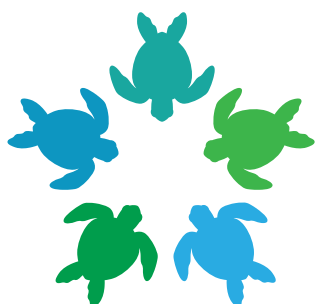

Removing entanglement hazards from the beach, like recreational furniture and ropes in the sand

IF YOU SEE A TURTLE ON THE BEACH:

Please do not approach a nesting female or hatchling, and turn off all flashlights and flash cameras at night

If it's during the daytime or if the turtle is in danger notify a life guard or Beach Safety at 386-424-2345.
